

RING SIZE GUIDE

Measure a ring from your collection

Select a ring from your collection and position it atop the sizing guide circles. Look for the circle that matches the inner circumference of your ring perfectly.

Measure your finger to find your size

Print the Document: Print the provided document onto an A4 piece of paper, ensuring that you do not have 'Fit to page' or 'Printable area' selected.

Cut Around the Sizer Image: Carefully cut around the sizer image following the indicated lines.

Place the Sizer Around Your Finger: Slide the sizer around your finger and pull the end through the slot you've cut into the sizer.

Adjust for Comfort: Pull the end of the sizer so that it fits nicely around your finger. Take note of the letter that the arrow is pointing to; this corresponds to your ring size.

Avoid Pulling Too Tightly: Be cautious not to pull the sizer too tightly, as this may result in an incorrect size. Ensure that the sizer can comfortably slide over your knuckle.
